

INTERNET SAFETY

RECOGNIZE

INAPPROPRIATE BEHAVIOR ONLINE

1. CYBERBULLYING

If someone is saying mean things or being unkind online, that's not acceptable behavior.

2. SCARY OR GROSS PICTURES

If you see images that make you feel scared, uncomfortable, or grossed out, it's important to tell an adult you trust.

3. SUSPICIOUS STRANGERS

If someone you've never met in person tries to talk to you or asks you for personal information like your address or phone number, do not engage them. Instead, report it.

4. VIOLATION OF RULES

If you see something online that you know is against the rules, it's important to address it.

HOW TO REPORT IT

1. TELL AN ADULT YOU TRUST

2. USE THE REPORTING BUTTON

Many websites and games have a button you can click to report inappropriate content.

3. BLOCK OR UNFRIEND

If someone is being mean to you online or making you feel uncomfortable on social media, online games, or email, you can block or unfriend them so they cannot communicate with you anymore.

4. KEEP THE EVIDENCE

If the situation warrants it, take a screenshot and/or save messages. This evidence can support your report and help authorities take appropriate action.
